I-405 Kirkland Nickel Project – Stage 1 Construction

NE 116th Street Closed for Weekend October 20-23

IT'S YOUR NICKEL.
WATCH IT WORK.

October 2006

Detour Map

WSDOT is widening I-405 between NE 85th and NE 124th Streets and to accomplish this, we need to demolish and reconstruct the I-405 bridge carrying traffic over NE 116th Street. The bridge is being reconstructed in phases to keep I-405 and NE 116th Street open to traffic as much as possible during construction. The upcoming closure is scheduled for October 20-23. Future closures are scheduled for December 1-4 and May 2007.
